Welcome
To the World of Gobius

Gobius® C
'C' the Exact Tank Level

Quick Guide

More information, Please visit our website,
gobiusc.com or send a mail to us at
info@gobiusc.com

Designed by Gobius Sensor Technology AB in Sweden

Connect to gobiusc.com	Go to Installation	Plug and Play 1, 2, 3	Ready to Use

To be able to install from your device (phone or computer), you need an internet connection. Go to **gobiusc.com/installation**, where you can choose installation instructions in English, French, German, Italian, Spanish or Swedish.

The information is in three parts
1. In the Box.
2. Mounting the sensor on the tank
3. Setup the sensor

When you have contact with the sensor, You'll fill in the information needed for your tank, as fluid, tank size, external device…

NOTE! To install from an iPhone or an iPad, you first have to download the browser Bluefy from App Store (free) and start internet via Bluefy.

Good luck with your new Gobius C!
